Welcome to the first annual edition of the new Regional Business Directory, tailored for both locals and visitors exploring Gawler & the Barossa Light regions.

Crafted by SA Today, we're passionate about supporting local and regional businesses. Whether you're a resident seeking trusted services or a visitor eager to discover hidden gems, our directory is your ultimate companion.

Explore the diverse offerings of South Australia's business community with confidence, knowing that the Regional Business Directory is committed to showcasing the best of what the region has to offer.

Our team has worked hard to compile a comprehensive list of all the businesses in our regions.

If you would like your business featured, please make sure to reach out to our team.

Would you like to be included in the next Regional Business Directory?

EVERY PLANT HAS A STORY TO TELL

We are a family ran business that grow Australian natives tube stock from all around Australia. We specialise in growing Australian native plants, stocking upwards of 200 species and producing over 50,000 each year. We sell for a really affordable prices and have 50+ years of experience and knowledge around the Horticultural and Australian Native plants. We try to help select the best plants for where you are situated and sometimes recommended plants we don't even have.

Best return for your investment

RayWhite

Most property managers just collect the rent.

We maximise your return in every way we can.

Your Team

Our award-winning team are recognised by our peers as market leaders in the area. We believe our success, evolved from ongoing industry training, guidance from property management experts and our own many years of hands-on experience will allow us to assist you with the ongoing management of your property.

Tailored Marketing

As each property and investor is different we tailor your marketing plans to suit your needs. To eliminate or minimise vacancy periods our properties are photographed and advertised on all leading real estate rental internet portals.

Tenant selection

The first process with a vacant property is to ensure that we find the right tenant for your home and we work closely with you on this. We have a rigorous tenant application and selection process. It is our belief that a trouble free tenancy originates from proper and careful tenant selection.

Online tenant & landlord portals

We provide 24/7 access to the online management portal so you can see all of your inspections, feedback, documents and payments. Tenants also have access to the portal so that they can keep track of rent and lodge maintenance with detail. It is a live portal, so all information is up to date and communications can be stored and traced.

Inspections

Prior to tenancy, we complete a comprehensive written condition report with detailed photographs ensuring an accurate record of cleanliness and condition. This report is also compared upon outgoing. Regular routine inspections are also conducted to provide peace of mind with ongoing monitoring of tenancy and the property upkeep. Landlords are invited to join us on inspection.

Maintenance

Property Management is more than just collecting rent. To create longevity and maximum return, the property also needs to be in a good state of repair and the relationships between the landlord, tenant and third party providers needs to be respectful. Ray White Gawler have a full suite of fully qualified tradespeople who can tend to maintenance and repairs as they arise. We can co-ordinate everything from start to finish upon consultation and approval with you.
